Care of Creation Committee

A Message from Creation Justice Ministries

<https://www.creationjustice.org/>

June is Ocean Month, a time when we step back to appreciate God's marine creation and take action to protect it.

When we think of God's creation, it is easy to imagine forests and other green spaces we spend more time in, but the ocean doesn't always come to mind. This month, let's spend some time meditating on the mystery and majestic creation that is the Ocean and all that God created within it.

For Relaxation

For relaxation, you could play one of these very long Youtube videos on your laptop and watch it periodically during the day as you walk through the room. You could even nap to these ocean sounds.

JPIC BRIEF

Advocate for Gun Control

More than 311,000 students in 311 schools have experienced gun violence since the Columbine massacre in 1999. "March for Our Lives," the organization founded by survivors of the 2018 mass shooting in Parkland, Florida, is planning a protest in Washington, DC on **Saturday, June 11** (please note last week's Bridges incorrectly said Friday).

Demonstrations are also being planned in many other US towns and cities on that day. For more information, go to: <https://marchforourlives.com/march22/>.

Urge your elected officials to take action for sensible gun control measures.
