

Bel Ayiti

Haiti through the Eyes of Sr. Isa

Beautiful Haiti

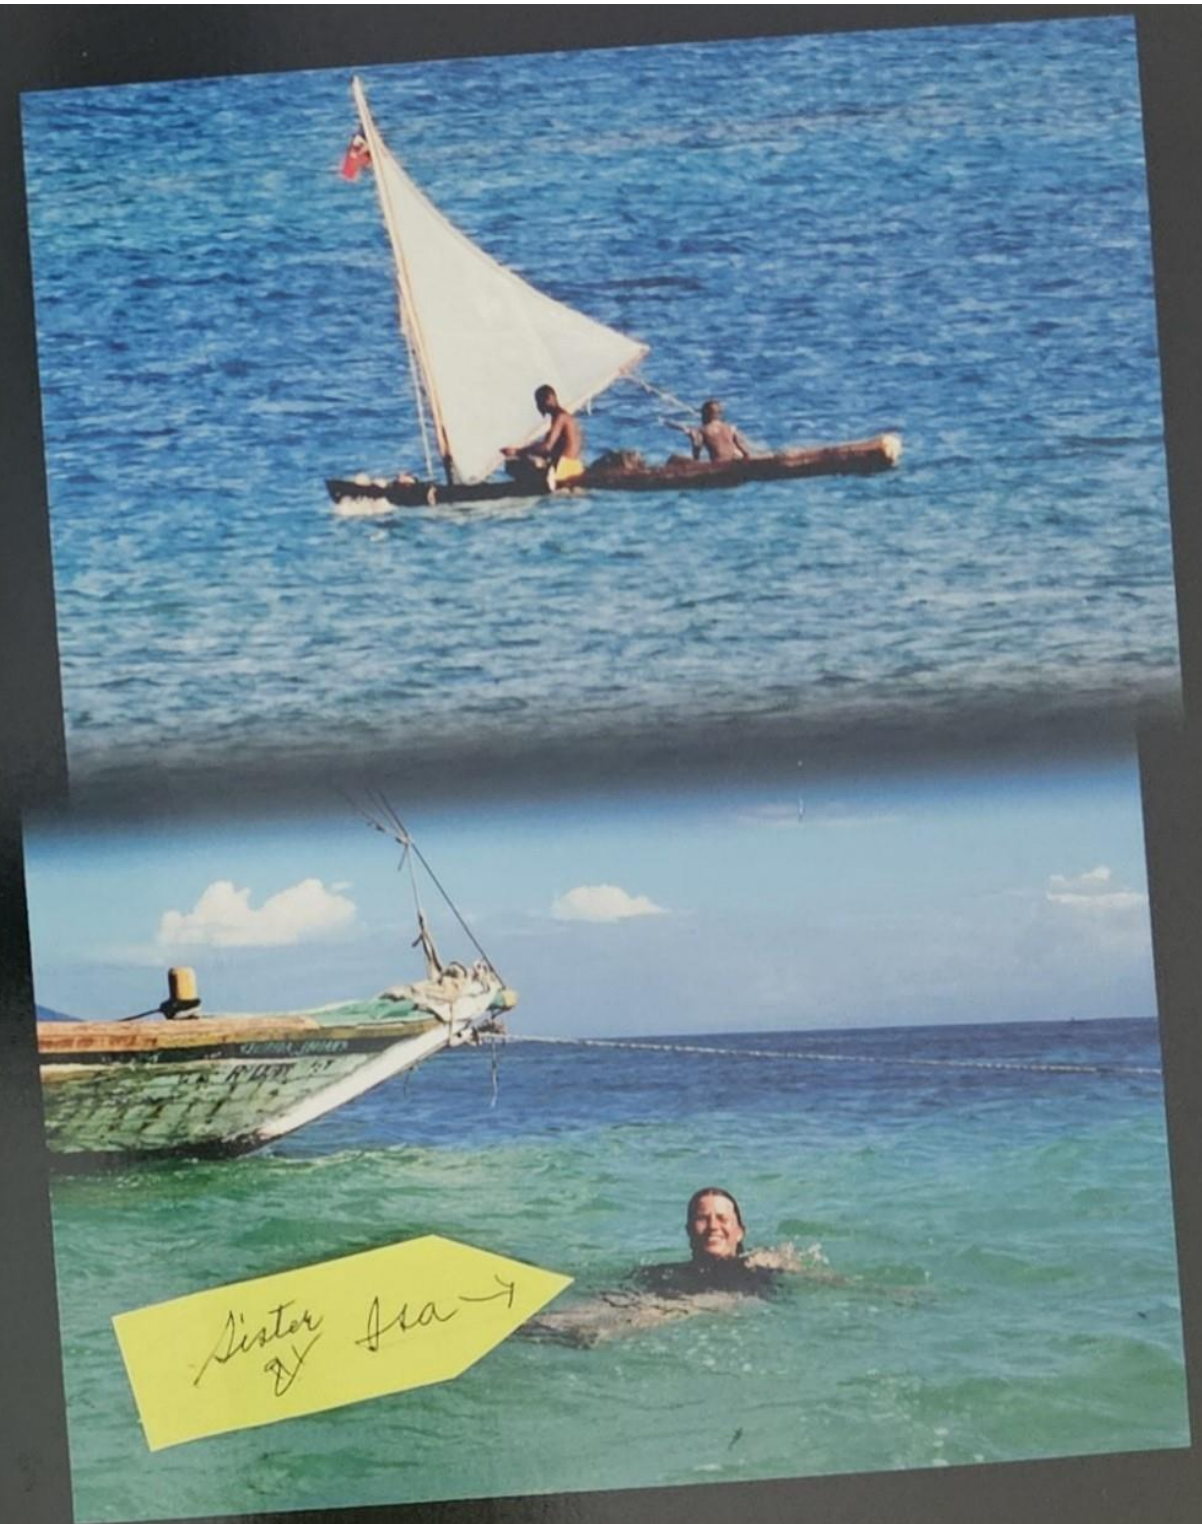

An album created by Sr. Isa Solá Matas with photos she took in 2013-2014 along with her messages for viewers of the photos. A copy of this album has been given to Pope Francis by her family.

Bel Ayiti (Haitian Creole for "Beautiful Haiti")

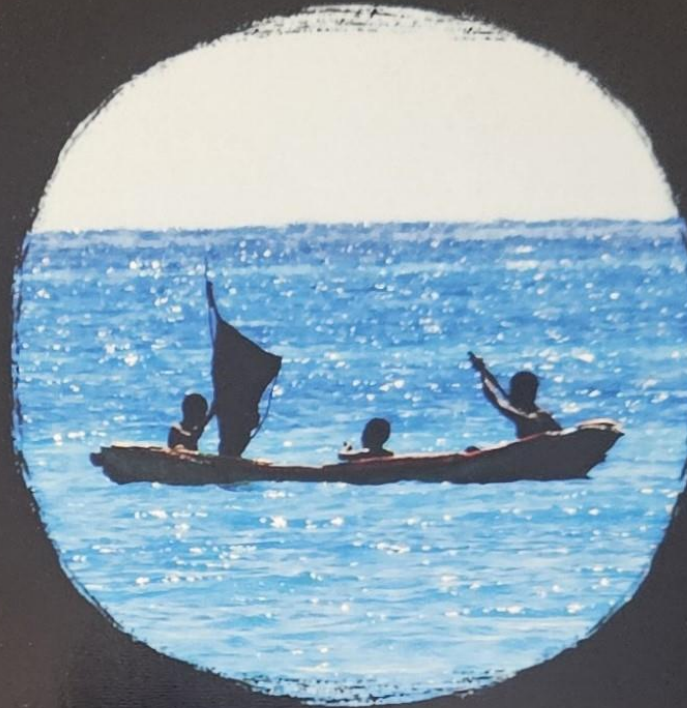

"It is easy to run into God in Haiti, you don't have to do anything special, just contemplate and discover the beauty in each moment."

"With this album I want to share the beauty, the good and the love that I have discovered in Haiti. I want to share each image that has been imprinted in my memory and that help me live and give each day life."

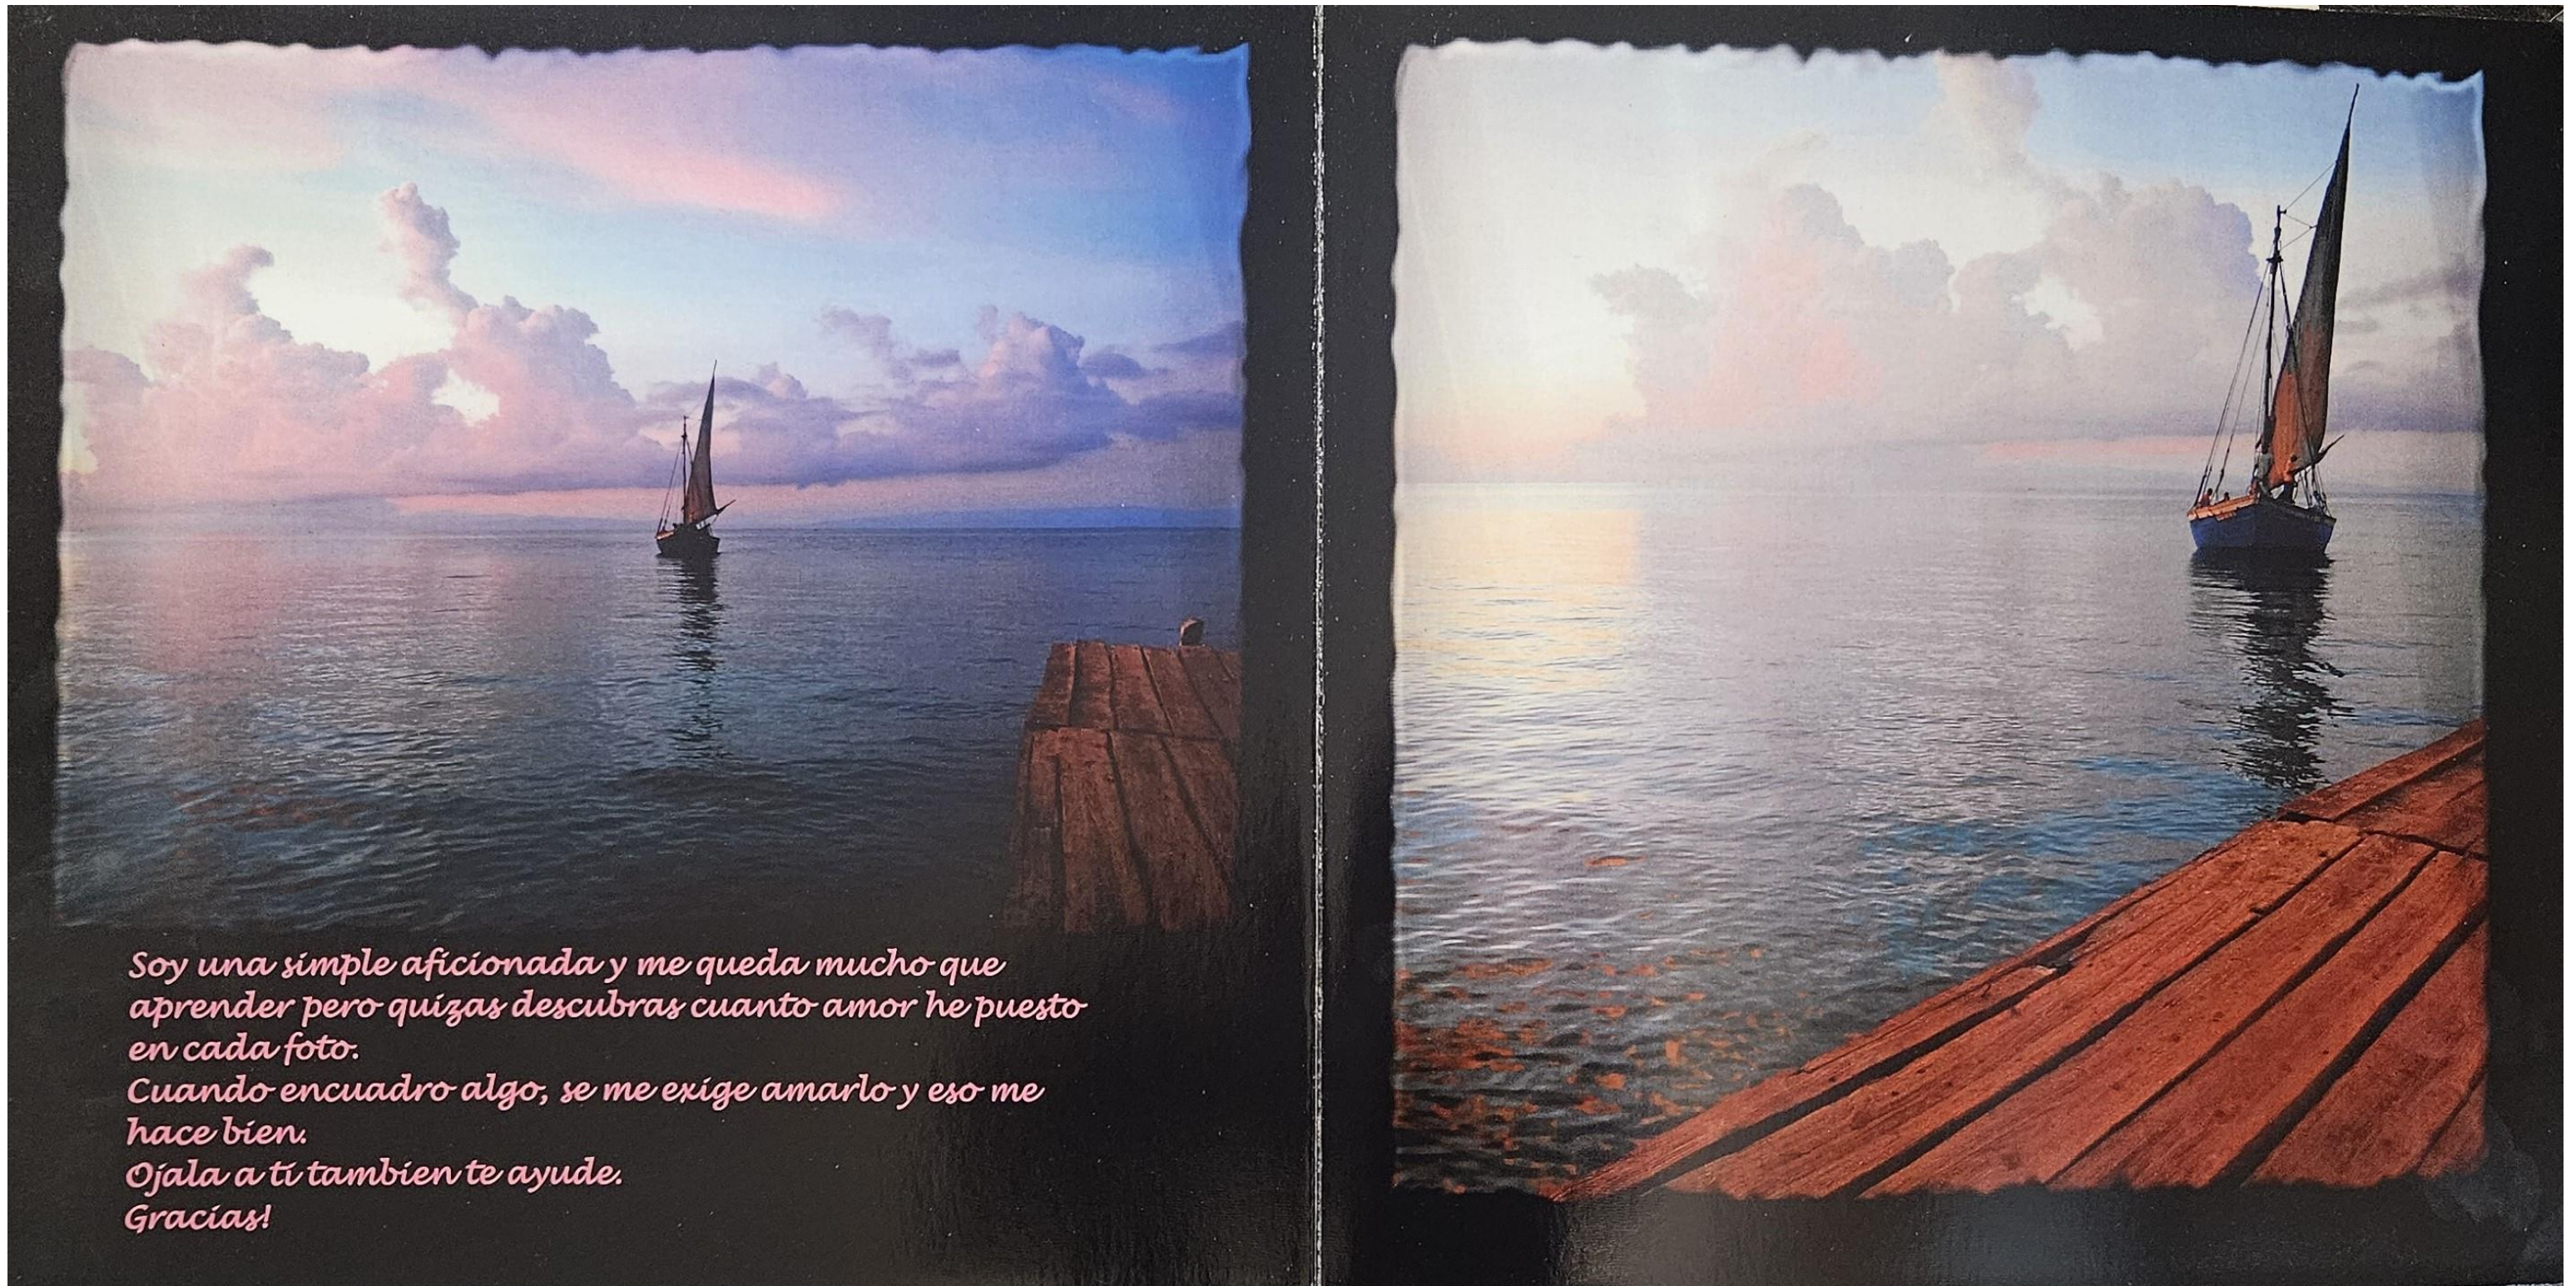

Note: these are just a few pages excerpted from Sr. Isa's album to offer an idea of what Haiti looked like through her eyes. The full album contains additional photos taken by her that also reflect the way in which she saw Haiti and the Haitian people.

*La fotografía me ayuda
a guardar memoria y a
agradecer a cada
minuto el privilegio de
haber sido enviada aquí.*

“Photography helps me save memory and to be thankful at every minute for the privilege of having been sent here.”

*Soy una simple aficionada y me queda mucho que aprender pero quizás descubras cuanto amor he puesto en cada foto.
Cuando encuadro algo, se me exige amarlo y eso me hace bien.
Ojala a ti tambien te ayude.
Gracias!*

"I am just an amateur and I have much to learn but perhaps you will discover how much love I have put into each picture. When I frame something, I am demanded to love it and that does me good. Hopefully it will help you too. Thank you!"
